Angus MacLean Thuermer, Assistant to the Director

Central Intelligence Agency

Washington, D. C. 20505

Dear Mr. Thuermer:

Some months ago you had occasion to acknowledge a note I had addressed to Mr. Colby. You made passing reference to my use of Dr. Revilo P. Oliver's name in the letterhead of my *Conservative Viewpoint*. It occurred to me that you might find subsequent issues of my Newsletter of interest, particularly the last two issues which deal in part or in whole, with Rhodesia and South Africa.

If these could find their way into your library, or if there is merit in placing the Agency on my mailing list, please let me know.

I know that a lot of us are getting fed up with our role in world affairs.

Sincerely yours,

most tradition, and for unborn generations my forefathers were practicing Christians. Not the meek and humble garbage that has so much of Christianity grovelling at the feet of their sworn enemies, but a militant, strong, forceful Christianity. The kind of Christianity that led our Constitutional Forefathers to found this once-great Republic. My kind may be "patient and long-suffering," but bear in mind that sense of righteous indignation that is constantly mounting. You have taken an oath of office that makes you accountable to me and an unnumbered host of like-minded citizens. To put it bluntly, you will either start representing the interests of the "dispossessed majority," or you will pay the price for your betrayal of the Republic.

But now for specifics. We can't look for a solution unless we can state the problem. And contrary to what may well be your first impression, I am not without sympathy for the situation in which you find yourself, a situation wherein you are locked into a subservient position serving an unassimilable minority. The fact is that your Hidden Masters have made it quite clear that they intend creating their concept of a World Government upon the ruins of the Republic. You have no grant of power to be a party to this, yet I do understand how the Anti Defamation League and the various "Jewish" sub-

neither "subscribe" nor "join." But they do become ardent pamphleteers, and periodically they do send gifts to support me. There is no man more free in America than I, no one who can speak as openly. And I represent a ground-swell of public awareness that is not going to be brushed aside. You are going to learn to "fear," or "respect" if you prefer the word, this vast but yet unorganized dispossessed majority. You should not wish to have us conclude that you have set yourself above the law. We are painfully aware of your submission to the dictates of "Israel," "Zionism," and broadly speaking, International Jewry. We insist that you reverse this trend, immediately.

#### WHITE AND CHRISTIAN

Let's start with basics. The standard-bearers of Western Civilization which resulted in our Republic, were both white and Christian. They were white because their ancestors had avoided miscegenation as they would the plague, from the very dawn of history. You have not stumbled on any latter-day immutable truths, you have merely betrayed your civilization, your ancestry. When you look at the utter rot which now infests our principal cities—including your own particular
